# ID Cards: Self-Print or Bureau to Print.

## Employee ID Cards

- > Create one or more ID Card Templates
- > Include name, department, title and photo on the template
- > Assign each employee to a Template
- > Employees can use their ID Card to scan in and out of any location within your organisation if that location is using the WhosOnLocation Visitor Management service.

## Contractor ID Cards

- > Issue ID Cards to Contractors
- > Customize the Contractor ID Card to distinguish it from your Employee ID Cards.
- > Contractors can use their ID Card to scan in and out of any location within your organisation if that location is using the WhosOnLocation Visitor Management service.

## Photo Capture

- > Upload cardholder photo taken by any camera or
- > Capture using your web-cam directly into the cardholders profile.

## Print ID Cards

- > Print ID Cards in-house
- > Works with most ID Card printers.  
Tested on:
  - Magicard
  - Datacard
  - Zebra.

## Bureau to Print

- > If you do not wish to print cards in-house, send them to one of our secure Print Bureaus for printing and shipping.

## ID Validation

- > Is the cardholder presenting an authorised card?
- > Is the cardholder's approval to be onsite still valid?
- > Is the cardholder inducted?
- > Is the cardholder's photo representative of the person presenting their card?
- > When used with the WhosOnLocation Visitor Management service Reception teams and Security staff can lookup cardholder details to validate the cardholder against the information held within the WhosOnLocation profile for that cardholder (name, title, photo, rights to be onsite etc...).
