

Online Induction Management

Manage Employee, Contractor and Visitor Inductions

*The world's best people presence software
for the world's best price.*

- ▶ No more inductions by Power Point
- ▶ No more inductions at the last minute
- ▶ Induct contractors before they are on-site
- ▶ Induct employees anywhere, anytime

1 Create

Creating Online Inductions is as easy as using a Word type editor. Inductions consist of one or multiple Content Pages.

- > Enter Text, Set Fonts, Colour
- > Apply Bold, Italics, Underline, Indents
- > Insert images and links to videos
- > Insert links to documents.

2 Set Questions

Create questions for any Page.

- > Yes/No
- > True/False
- > Multiple Choice.

4 Publish and Share

Publish and share your inductions with employees, contractors, and visitors.

The built in 'Invite' tool generates a unique link and password for each potential inductee, which is then sent to them via email.

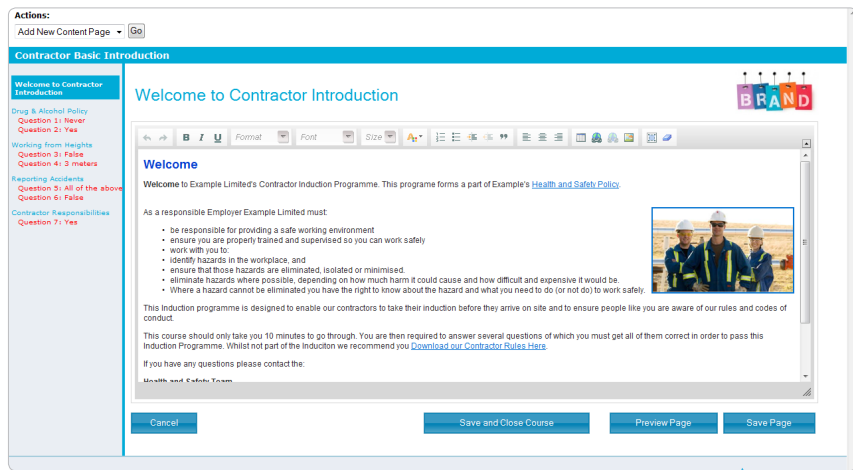

3 Set Pass/Fail Rate

- > Number of questions correct OR
- > % of questions answered correctly.

5 Manage Inductions

- > View Inductee record
- > Set auto-renewal notifications
- > Archive Inductions
- > Create new versions
- > Run reports on who, when, expiry.
